

Training List

Operational Management (Lean Manufacturing) :

- Lean Manufacturing
- Toyota Production System (TPS)
- Just In Time (JIT)
- Jidoka
- Kanban System
- Kaizen
- PDCA
- CT, TT & LT
- Production Planning & Control
- Warehouse Management
- Logistic Management

Floor Management Development Courses:

- 5S / 5R
- A4/A3 Report
- Horenso
- Basic Mentality
- Built In Quality (BIQ)
- Role of Supervisory

Kaizen / Continuous Improvement Courses:

- Suggestion system
- Improvement Activity
- Quality Control Circle (QCC/GKM/SGA)
- Quality Control Project (QCP)
- Jishuken (kaizen secara mandiri)
- Practical/Effective Problem Solving (PPS)
- Total Productive Maintenance (TPM)

Tools Management Courses:

- 8 Steps & 7 Tools
- Balance Score Card (BSC)
- KPIM (Key Performance Indicator & Monitoring)
- Profit & Loss

Safety Management Courses :

- Kiken Youichi Training (KYT)
- Stop Six
- Hyarihatto

Management System :

- Awareness ISO 9001:2015 (QMS)
- Awareness ISO 14001 (EMS)
- Awareness ISO/TS 16949
- Awareness ISO 45001
- Awareness SMK3
- Internal Auditor

No	Dept	Kategori / Judul	Modul
1	PPIC	MRP & Production Planning	Module 1: Basic MRP (Material Requirement Planning)
			Module 2: Basic Production Planning Inventory Control (PPIC)
		Basic JIT & Kanban System	Module 1: Basic Kanban System
			Module 2: Basic JIT (Just In Time)
			Module 3: JIT (JUST IN TIME) Tools
		Lean Manufacturing / Toyota Production System "TPS"	Module 1: Basic Lean Manufacturing
			Module 2: Muda, Mura & Muri
		SHOP FLOOR MANAGEMENT	Basic Jishuken
2	PRODUKSI	BASIC MENTALITY INDUSTRI	Modul 1 : Basic Mentality
			Modul 2 : Basic 5R/5S
			Modul 3 : Basic Safety
			Modul 4 : KYT (Kiken Yochi Training)
		KAIZEN & Problem Solving	Modul 1 : Basic Kaizen
			Modul 2. Problem Solving (Metode & Tools)
		Leadership & Supervisory	Modul 1 : Leadership
			Modul 2 : Supervisory Role
3	PE (PRODUCTION ENGINEERING)	Productivity Improvement	Module 1: Basic CT-TT-LT & Implementasi
			Module 2 : Dasar Line Balancing di Industri Manufaktur
			Module 3 : Reduce CT & Capacity Up
			Module 4 : MP Calculation
			Module 5 : Basic MIFC / VSM
		Process Engineering & PCR	Module 1 : Basic Process Engineering, PCR, ECR & ECI
		SMED (Single Minute Exchange of Dies)	Module 1: Basic SMED (Single Minutes Exchange Dies)
			Module 2: Implementasi SMED & Calculation
4	QA / QC	Lean QC & JIDOKA	Module 1: Basic JIDOKA
		QC Tools & Statistical Analysis	Module 1: QC 7 Tools
		QMS	Module 1: Basic QMS (Quality Management System)
			Module 2: Basic ISO 9001
			Module 3: Basic ISO TS 16949
			Module 4: ISO 14001
			Module 5: SMK3 / ISO 45001
		Internal Audit	Internal Audit
5	MAINTENANCE	Perawatan / maintenance	Module 1: Dasar perawatan
		TPM (Total Productive Maintenance)	Module 1: Basic TPM (Total Productive Maintenance)
			Module 2: AM (Autonomous Maintenance)
			Module 3: PM (Preventive Maintenance)
			Module 4: OEE

Management Consulting

1. Development & Sertification ISO 9001-2015
2. Development & Sertification ISO 14001-2015
3. Development & Sertification OHSAS 45001/ SMK3
4. Development & Sertification ISO/TS 16949
5. Develop & Implementasi QCC / GKM
6. Develop & Implementasi Kaizen
7. Develop & Implementasi Jishuken
8. Develop & Implementasi VSM (Value Stream Mapping)
9. Develop & Implementasi 5S / 5R
10. Develop Kanban System & Patan System
11. Productivity Improvement
12. Increase Profitability
13. Implementasi ERP

Innovation Consulting

1. Inventory Management System & Control.
2. Logistic Management System & Control.
3. Trucking Management System & Control.
4. Real Time Reporting (Android & Web Base)
5. Monitoring System / ANDON SYSTEM
6. Digital Transformation
